Public Comment:

a) Ms. Emily Otto introduced herself. She took over as the Outreach Advocate for Bolton House and started few months ago.
b) Ms. Heidi Stewart discussed the Pepin County Community Health Assessment. The results so far indicate that mental health is at the top (15% reporting having some sort of MH/anxiety struggle). The next is delayed medical care. Citing cost as the top issue and scheduling appointments that meet their needs as second. In the Pepin County Jail if someone is prescribed medication by the nurse practitioner, they are willing to provide a 30-day prescription to go to the pharmacy to get it filled. That allows those individuals a full month to get in to see a physician.
    a. Mr. Phil Wicktor asks if the inmates can all afford to pay for the prescription medications?

i. Happens quite often with inmates. They realize Badgercare doesn't cover the medication, and they choose not to fill it or are choosing what is more important to pay whether meds or other wants/needs.
ii. Ms. Mary Campbell-Wood discussed it is her 4th year teaching '*Companions Through the Wilderness: Healing from Loss and Grief*' class and it has been a highly popular class. In post surveys, it asks for participants to talk about their substance abuse and grief. Over 90% of participants say they have used substances to numb their feelings of grief and are not able to face the losses they've experienced.

Reentry Program Sustainability ~ Ms. Mary Campbell Wood:

a) Due to Buffalo County inmates not currently being housed in the Buffalo County Jail, the program is not pursuing additional grant funding. Instead, have decided to load up on purchasing educational materials to help for next 1-2 years. Have decided to not pay for the Recovery Coach. Trempealeau County did not come through to allow access for the Recovery Coach, and he has had minimal contact with Pepin County inmates. Therefore, can't justify renewing the contract. Have been able to work with Pierce County Jail for teleconference classes and have taught 3 classes so far. Pierce County is not concerned with funding on their end for these classes (ex. printing copes of materials). Have partnered with Dunn County for 7-8 years so there are no concerns there.
    a. Ms. Susan Krisik would like a list of what classes are being held monthly.

Policy/Procedure changes Jail Nursing Program ~ Ms. Heidi Stewart:

a) Is wanting to talk about harm reduction and what the Health Department offers. They offer needle exchanges, sharps disposal, Narcan, Fentanyl test strips, Deterra Drug Deactivation Pouches (to get rid of medications). Recently started for the jail population, anyone who comes in and stays for a 14 or more-day period will be doing health appraisals. Now offering life skill promotion and has been integrated to the health appraisal for health history, offering suggestions on different things they could change and suggestions for resources after release. When the inmates leave, they get access to harm reduction kits (listed above and a dozen condoms). Policy/procedure is updated and implemented.
    a. Ms. Mary Campbell-Wood asks if the jail pays any extra for jail nursing or is it part of the per day charge?
        i. Mr. Jake Laehn is unaware of the answer for Buffalo County.

2027 TAD Grant Funding Approval ~ Ms. Tanisha Bautch

a) Need approval from the CJCC Committee regarding applying for the 2027 TAD grant funding.
    a. Ms. Mary Campbell-Wood accepted the motion to approve the 2027 TAD grant funding, seconded by Mr. Phil Wicktor. Motion carried.
